Zenith™ Vascular

FlexArc™ Distal Access Long Sheath

FDA 510(K) No. K253359
CE MDR 845699
NMPA 20243031800

Developing Innovation Technologies To Optimize Vascular Treatment

Zenith™ Vascular

New Choice for Radial Access

·6F&7F radial-specific delivery catheters
·Optimized segment design for radial access, offering stronger support in the aortic arch.

Better Choice for Femoral Access

·8F delivery catheter with the largest inner lumen (0.090 inch) on the market.
·Easily compatible with multiple microcatheter systems, and allows smooth device advancement with some extra lumen space.

Compatible with Innovative Procedures

·A wide range of sizes: OD from 6 to 10F and length from 70 to 125 cm.
·Provides comprehensive access support for innovative procedures.
