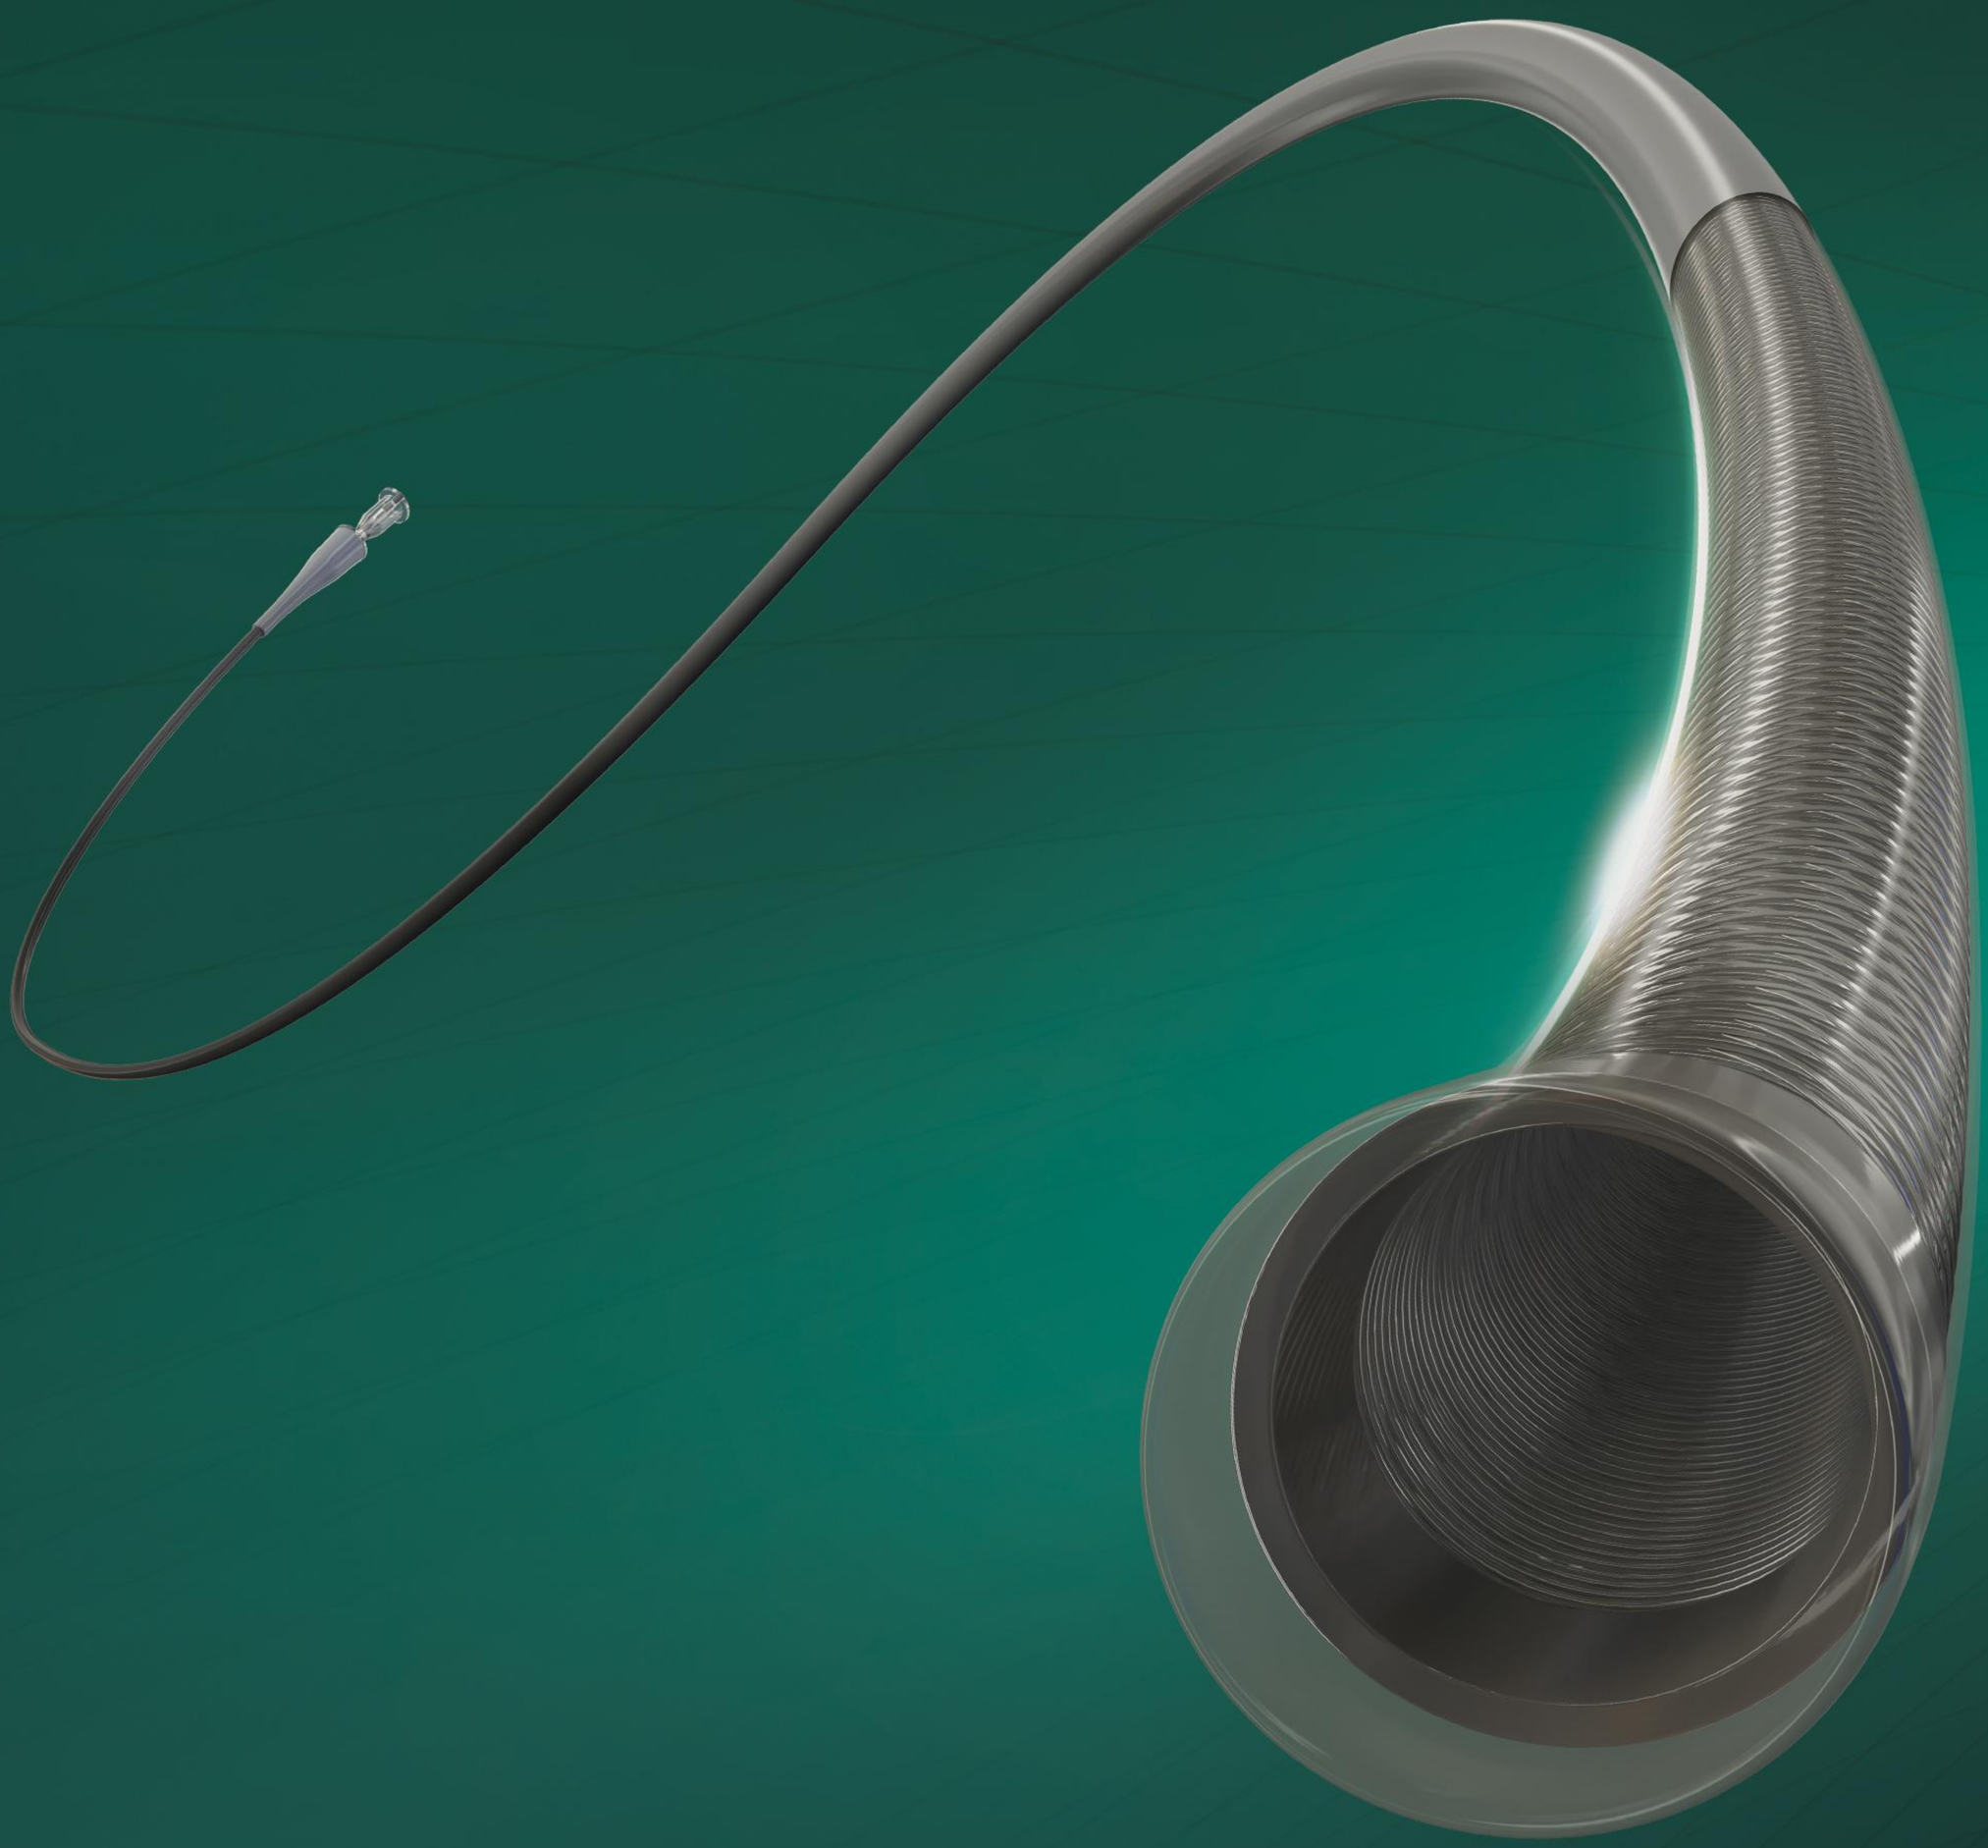
Zenith™ Vascular

ZENITH ASPIRATION CATHETER

FDA 510 (K) No.K252707

CE MDR 808876

NMPA 20253031336



Developing Innovative Technologies To Optimize Vascular Treatment

Zenith™ Vascular

◉ Material Upgrade: Next-Generation Nitinol Design

· Innovative nitinol alloy with enhanced shape memory and superior anti-deformation performance
· Proprietary processing technology for more efficient torque transmission and greater stability

◉ Structural Upgrade: Advanced Segmented Design

· Upgraded to 15 segments for smoother transition of flexibility and improved deliverability

◉ Application Upgrade: Full-Spectrum Thrombectomy Coverage

· MeVO thrombectomy: 3F / 4F
· Large clot burden: 7F / 8F
· Standard thrombectomy: 5F / 6F

◉ Technique Upgrade: Innovative Aspiration Techniques

· EAT 088 Extra Large Aspiration Thrombectomy
· CDAT Continuous Dural Aspiration Thrombectomy
